"Just Another Kid is not just another book. This remarkable teacher's memoir reminds us that love takes many forms." -The New York Times From the bestselling author of One Child comes the true story of six children impossible to reach and the amazing teacher who embraced them all. Torey Hayden faced six emotionally troubled kids no other teacher could handle—three recent arrivals from battle-torn Northern Ireland, badly traumatized by the horrors of war; eleven-year-old Dirkie, who only knew of life inside an institution; excitable Mariana, aggressive and sexually precocious at the age of eight; and seven-year-old Leslie, perhaps the most hopeless of all, unresponsive and unable to speak. With compassion, rare insight, and masterful storytelling, teacher Torey Hayden once again touches our hearts with her account of the miracles that can happen in her class of “ special ” children.

While on spring break in Aruba, Anna is accused of her best friend's death and must stand trial for murder in a foreign country.

His mother calls him a worthless halfwit while his fellow drunks at the local bar ensure he's the butt of all their jokes. He spends his days whittling wood, counting pigeons and adding his own name to the list on the town war memorial. So how could Germain possibly anticipate what a casual encounter on a park bench with eighty-five-year old Margueritte might mean? In this touchingly comic tale of an unusual friendship, that first conversation opens a door into a world Germain has never imagined—the world of books and ideas—and gives both him and Margueritte the chance of a happiness they thought had passed them by. From the Trade Paperback edition.

Winner of the 2016 Man Booker International Prize NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Publisher's Weekly • BuzzFeed • Entertainment Weekly • Time • Wall Street Journal • Bustle • Elle • The Economist • Slate • The Huffington Post • The St. Louis Dispatch • Electric Literature Featured in the New York Times selection of "15 remarkable books by women that are shaping the way we read and write fiction in the 21st century" A beautiful, unsettling novel about rebellion and taboo, violence and eroticism, and the twisting metamorphosis of a soul Before the nightmares began, Yeong-hye and her husband lived an ordinary, controlled life. But the dreams—invasive images of blood and brutality—torture her, driving Yeong-hye to purge her mind and renounce eating meat altogether. It ' s a small act of independence, but it interrupts her marriage and sets into motion an increasingly grotesque chain of events at home. As her husband, her brother-in-law and sister each fight to reassert their control, Yeong-hye obsessively defends the choice that ' s become sacred to her. Soon their attempts turn desperate, subjecting first her mind, and then her body, to ever more intrusive and perverse violations, sending Yeong-hye spiraling into a dangerous, bizarre estrangement, not only from those closest to her, but also from herself. Celebrated by critics around the world, The Vegetarian is a darkly allegorical, Kafka-esque tale of power, obsession, and one woman ' s struggle to break free from the violence both without and within her.

reveals a singular, frozen moment in a person ' s life, be it joyful, quiet, or steeped in sorrow. Yet the book ' s unique depth comes from the writing accompanying each photo: as with the caption revealing how one seemingly random snapshot of a dancing couple captured the first dance of their 40-year marriage, each successive inscription shines like a flashbulb illuminating a photograph ' s particular context and lighting up our connection to the past.

Joe is hooked from the moment he sees Candy. What is it that catches his eye? Is it her hair, her smile, or just the way she's standing? When they chat over coffee there's an instant attraction - but can love ever be this sweet?

This New York Times bestselling love story about two teens who find each other while standing on the edge is soon to be a Netflix film starring Elle Fanning and Justice Smith! Theodore Finch is fascinated by death, and he constantly thinks of ways he might die. But each time, something good, no matter how small, stops him. Violet Markey lives for the future, counting the days until graduation, when she can escape her Indiana town and her aching grief in the wake of her sister's recent death. When Finch and Violet meet on the ledge of the bell tower at school, it's unclear who saves whom. And when they pair up on a project to discover the "natural wonders" of their state, both Finch and Violet make more important discoveries: It's only with Violet that Finch can be himself--a weird, funny, live-out-loud guy who's not such a freak after all. And it's only with Finch that Violet can forget to count away the days and start living them. But as Violet's world grows, Finch's begins to shrink.

A gripping and prescient tale from New York Times best selling author Joel C. Rosenberg. "... The Last Jihad absolutely crackles with high energy and a chilling premise--what if the war on terror goes nuclear." -- Rush Limbaugh Jon Bennett is a top Wall Street strategist turned senior White House advisor. But nothing has prepared him for the terror that he will face. Saddam Hussein dispatches his top hit men to assassinate the President of the United States. Iraqi terrorists spread carnage throughout London, Paris, and Riyadh . . . and the Butcher of Baghdad has a nuclear ace in his hand that he has not yet played. Only a solid Arab-Isreali coalition against Iraq can keep the U.S.--and other Western nations--from certain devastation. And only Bennett and his beautiful partner, Erin McCoy, can make that happen. Their secret project--a billion-dollar oil deal off the coast of Gaza--could be the basis for an historic peace treaty and enormous wealth for every Isreali and Palestinian. But just before a treaty can be signed, Isreali commandos foil an Iraqi Scud missile launch, recovering a nuclear warhead and evidence that the next attack will level Washington, New York and Tel Aviv. Now, the Isreali Prime Minister gives the American President an ultimatum: Melt down Baghdad within one hour . . . or Israel will do it herself. From Jerusalem, Bennett and McCoy must summon all their stealth and savvy to save themselves--and the world--from absolute destruction.
