Revised by Gerald Hough to accompany the Fourth Edition of Bob Garrett's best seller, *Brain & Behavior: An Introduction to Biological Psychology*, the fully updated Student Study Guide provides additional opportunities for student practice and self-testing. Featuring helpful practice exercises, short answer/essay questions, as well as post-test multiple choice questions, the guide helps students gain a complete understanding of the material presented in the main text. Save your students money! Bundle the guide with the main text. Use Bundle ISBN: 978-1-4833-1832-5. The main text, *Brain & Behavior: An Introduction to Biological Psychology, Fourth Edition*, showcases our rapidly increasing understanding of the biological foundations of behavior, engaging students immediately with easily accessible content. Bob Garrett uses colorful illustrations and thought-provoking facts while maintaining a "big-picture" approach that students will appreciate. Don't be surprised when they reach their "eureka" moment and exclaim, "Now I understand what was going on with Uncle Edgar!"

Competition for admission to American medical schools has always been intense. Now, with more than 40,000 pre-med students applying for the few available slots each year, scoring well on the Medical College Admission Test (MCAT) is more critical than ever. The MCAT Preparation Guide offers students a systematic, sensible way to improve MCAT test scores. It recognizes their need to understand not only the subject areas covered but also the way the MCAT is structured and what test scorers look for. Extensively field tested at the University of Chicago, Tulane University, Howard University, and the

University of Kentucky, this Guide has already helped hundreds of students to boost their MCAT scores significantly. With this edition, the Guide becomes available nationwide for the first time. One excellent feature is the chapter on preparing writing samples, a section of the MCAT often omitted or slighted in other guides. Here is a step-by-step process for attacking writing sample prompts to produce superior essays.

This title is the study guide which accompanies *The Developing Person Through Childhood and Adolescence* 6th edition, (ISBN 0716752573).

Completely revised to accompany the best-selling *Brain & Behavior: An Introduction to Behavioral Neuroscience, Fifth Edition*, the Study Guide offers students even more opportunities to review, practice, and master course material. Featuring chapter outlines, learning objectives, summaries and guided reviews, short answer and essay questions, multiple choice post-test questions, and answer keys, the guide reflects important updates made to the content in the main text to enhance student understanding.

This seventh edition comes with a significant revision of cognitive development through childhood, revised and updated chapters on adolescence, and more attention to emerging and early adulthood.
