takes students inside some of the country's best-run and most respected organizations, such as Liz Claiborne, Ben & Jerry's, American Airlines, Bank of America, and Walt Disney Imagineering. More importantly, though, it balances this exposure with a well-developed and consistently applied process approach to communication. Students need more than real business settings in which to frame their learning. They need a process that outlines specific steps to follow in solving future communication problems, a tangible strategy they can apply in their careers. In addition to a process, we provide ample products of that process.

students prepare to communicate in such a challenging environment? The pedagogies of the twentieth century—lectures, quizzes, and exams—have not kept up to these new demands for student engagement. Business Communication: Rhetorical Situations supports more interactive and collaborative pedagogies to motivate students. Each chapter has two or three cases that challenge students to apply the business communication concepts they are learning to a specific set of circumstances. These cases are drawn from real-life communication situations and invite students to think through a communication situation and take action. After each case, challenges and exercises provide more opportunities for students to analyze and reflect on business documents and practice the skills discussed in the
