This book covers in detail the various aspects of joining materials to form parts. A conceptual overview of rapid prototyping and layered manufacturing is given, beginning with the fundamentals so that readers can get up to speed quickly. Unusual and emerging applications such as micro-scale manufacturing, medical applications, aerospace, and rapid manufacturing are also discussed. This book provides a comprehensive overview of rapid prototyping technologies as well as support technologies such as software systems, vacuum casting, investment casting, plating, infiltration and other systems. This book also: Reflects recent developments and trends and adheres to the ASTM, SI, and other standards Includes chapters on automotive technology, aerospace technology and low-cost AM technologies Provides a broad range of technical questions to ensure comprehensive understanding of the concepts covered

This book shows how to use agreement to transform the biggest areas of marital conflict into closeness, cooperation, and mutually desirable outcomes. Licensed psychologist, marriage, and relationship coach Jack Ito PhD illustrates with clear, easy to follow examples, how to communicate about the biggest problems that couples face. These are the same techniques his coaching clients use to stop divorces, end affairs, deal with addicted spouses, solve problems, end blaming, improve dating, handle money issues, parent cooperatively, get out of debt, and more. This book is unique in offering communication training to couples when one spouse (or significant other) is not ready or willing to work on the relationship.

The Persians Aeschylus Translated by Robert Potter An Ancient Greek Tragedy The Persians takes place in Susa, which at the time was one of the capitals of the Persian Empire, and opens with a chorus of old men of Susa, who are soon joined by the Queen Mother, Atossa, as they await news of her son King Xerxes' expedition against the Greeks. Expressing her anxiety and unease, Atossa narrates "what is probably the first dream sequence in European theatre." This is an unusual beginning for a tragedy by Aeschylus; normally the chorus would not appear until slightly later, after a speech by a minor character. An exhausted messenger arrives, who offers a graphic description of the Battle of Salamis and its gory outcome. He tells of the Persian defeat, the names of the Persian generals who have been killed, and that Xerxes had escaped and is returning. The climax of the messenger's speech is his rendition of the battle cry of the Greeks as they charged: "On, sons of Greece! Set free / Your fatherland, your children, wives, / Homes of your ancestors and temples of your gods! / Save all, or all is lost!" (401–405). At the tomb of her dead husband Darius, Atossa asks the chorus to summon his ghost: "Some remedy he knows, perhaps, / Knows ruin's cure" they say. On learning of the Persian defeat, Darius condemns the hubris behind his son's decision to invade Greece. He particularly rebukes an impious Xerxes' decision to build a bridge over the Hellespont to expedite the Persian army's advance. Before departing, the ghost of Darius prophesies another Persian defeat at the Battle of Plataea (479 BCE): "Where the plain grows lush and green, / Where Asopus' stream plumps rich Boeotia's soil, / The mother of disasters awaits them there, / Reward for insolence, for scorning God." Xerxes finally arrives, dressed in torn robes ("grief swarms," the Queen says just before his arrival, "but worst of all it stings / to hear how my son, my prince, / wears tatters, rags" (845–849)) and reeling from his crushing defeat. The rest of the drama (908–1076) consists of the king alone with the chorus engaged in a lyrical *kommós* that laments the enormity of Persia's defeat.
