August Facebook Live Challenge—Day 20! Frankendom

Frankendom is a twisted seriously kinky BDSM twist, on the classic Frankenstein story. The author took me places that had me catching my breath, squirming in my seat. This book was intense. I fell in love with the characters.

FrankenDom - Kindle edition by Rotham, Robin L ...

FrankenDom seems to be a mix of contemporary romance, Sci-Fi and BDSM heavy on the M/s aspect. The medical part (which would be the part that is more Sci-Fi) touched the ethical and moral boundaries of Dr's and family, I feel the author could have explored more into the ethical and moral issues which would have enhanced the story line.

A brilliant woman, a couple of mad scientists, and an erotic experiment with shocking results... Vascular surgeon Dr. Rachel McBride knows she ' d be insane to pass up the chance to work on Julian Kilmartin ' s cutting-edge research project. The reclusive neurologist has been the object of her submissive daydreams since residency, and time and distance have only strengthened the dark compulsion. To complicate matters, a former lover who was all too aware of her attraction to Julian is also on the team. Charmingly obnoxious Dr. Colin Carter was Julian ' s protégé back in the day, and nothing appears to have changed...or has it? There ' s an earnestness to Colin now, an urgency she ' s never before seen in him. When she accepts the offer and travels to Eastern Europe, Rachel discovers that research is only part of her job description—and her total submission is only the beginning of the sexual excesses Julian and Colin will demand from her. Warning: You should assume any Robin L. Rotham book contains BDSM elements, anal play, and every possible ménage à trois permutation. Additionally, FrankenDom contains mad scientists, real dungeons, whips, chains, spanking, a variety of taboo fantasies, mild puppy play, electrical devices in uncomfortable places, humor, and an intimidating ratio of sadists to masochists.

Aliens recruit Earth women for their planet's sex-starved males.

The last time Jasmine King was aboard the Heptoral, she escaped by the skin of her teeth. This time she won't be so lucky. Trapped on a ship full of sex-starved aliens and out of the pheromone blocker that holds off her physical transition, Jasmine makes a desperate escape attempt...and fails. The consequences are disastrous-she's mated to three horny warriors, and one has a huge bone to pick with her. What's a girl to do but fall in love? The last time Shauss saw Jasmine, the deceitful little Terran stole his bondmate from under his nose. This time he won't be so trusting. Finally master of his own bond, Shauss names secondary mates Jasmine feels safe with...and lives to regret it. One can't stop puking long enough to claim her. The other challenges Shauss' supremacy by digging into his psyche at every turn. What's a Dom to do but bed them all into submission? He sets out to do just that, but his domination takes a brutal turn when he discovers Jasmine's deadly secret... Reader Advisory: Contains a sultry female/female sex scene.

The chapbook To Lie or Steal, Etc. was written to express his contempt of white-collar crime and bigotry. The book of poems is science fiction and the vague, modern world. The book was borrowed from the letters of Vincent van Gogh. The nom de plume was based on William Shakespeares last name and Vincent van Goghs first name.

When you're down on the farm, things are bound to get dirty!Joe Remke just has one qualification for his lovers-he wants them gone before sunrise, which makes his new bunkmate AJ about as safe as a woman can be around him. It also makes his determination to sleep with his boss downright stupid, because if Brent ever gives in, he'll be looking for a new job.Brent Andersen knows sex with his right-hand man Joe is inevitable, but he's not going down without a fight. Putting the new female hired hand in their cramped RV was a stroke of genius, taking the heat off him while protecting her from the horny guys on his custom farming crew.AJ Pender's bunkmates may hide their feelings for each other from the rest of the crew, but they aren't fooling her-Brent and Joe are hot for each other, and it's all she can do not to cry at the thought. Not that they'd be interested in her, of course, and if they ever found out she fantasizes about being the meat in their farmer sandwich, they'd probably die laughing.Fortunately for Brent and Joe, fantasies have a way of outing themselves and AJ's are right up their alley. But even three-ways have their risks, and AJ can serve as a buffer for only so long before the tension between them explodes.Warning: Flying BOBs ahead-and that's just the warm-up! Strap yourself in for a wild ride complete with ménage, m/m, and a voyeuristic f/f scene hot enough to make three grown men beg for mercy.

When the Mahoney Tower Tulsa's general manager disappears, Jillian Fox calls headquarters for help. What she gets is a hotshot corporate investigator-and an inexplicable craving for things that are very, very bad for her. Something besides his monogram and size sixteen shoes tells her Barrett George could be BIG trouble, but resisting his aggressive pursuit turns out to be even harder than keeping her fingers out of the candy bowl. Barrett knows the skittish little accountant is probably smart not to trust him, especially if she's looking for crappily ever after. But it's been months since he got laid and her avoidance tactics only inflame his inner predator. Barrett's sexual domination sparks Jillian's complete sensual surrender and a primal attraction that puts both their hearts at risk. But even as he tests the limits of her trust, the investigation heats up, exposing a conspiracy that places Jillian in harm's way-and forces Barrett to face his greatest fear. Is mnage a trois your fantasy? Find out what happens to Jillian when one of her most secret fantasies becomes a reality. Steamy doesn't even come close. We should all be so lucky.

What's better than one hot alien at your service? Two hot aliens in your bed. After four months of orbiting Earth in a spaceship bursting with sex-starved aliens, nurse Shelley Bonham will do just about anything to get off. The ship, that is. Not that the aliens aren't hot enough to put her hormones on red alert. In fact, the more time she spends with the Garathani leader Cecine and his personal guard Hastion, the more she wants them. Knowing what Cecine and Hastion are doing to each other when nobody's looking only makes it harder to keep her hands to herself. But she's already been betrayed by one alien-her dead douchebag of a husband. Can she trust her future-and her children-to another? Warning: Contains the usual Robin L. Rotham smorgasbord of m/m/f menage and D/s elements, plus a shipload of alien alphas in outer space.
