which surprised many people, and some apparently  
misunderstood her choice as really leaving church and/or  
losing her faith. In this book, Taylor explains the journey  
that led to her change in direction, providing an overview of  
her experience of ordained ministry and her transition out  
of church employment.

Barbara Brown Taylor is one of America's most renowned and beloved spiritual writers and author of the acclaimed An Altar in the World. In this moving and memorable book she writes of her life and work as a priest and the burden of being one of the

most celebrated preachers in America. She recalls with grace and wit what led her to priestly ministry, the privilege of exploring the mysteries of God with others, her growing fame, the crisis it provoked and the unexpected blessings that followed. Having been part of a team in a large urban church for ten years, she sought a parish of her own and it was love at first sight when she was invited to view a small rural parish in Georgia. Little did she imagine that here Jesus's words about losing one's life in order to find it would have such impact. She tells of the rapid growth of the church, the crowds who travelled miles to hear her preach, the tensions that arose - and the call to lay it all aside in order to rediscover the authentic heart of her faith.

The activist and TED speaker Megan Phelps-Roper reveals her life growing up in the most hated family in America. At the age of five, Megan Phelps-Roper began protesting homosexuality and other alleged vices alongside fellow members of the Westboro Baptist Church in Topeka, Kansas. Founded by her grandfather and consisting almost entirely of her extended family, the tiny group would gain worldwide notoriety for its pickets at military funerals and celebrations of death and tragedy. As Phelps-Roper grew up, she saw that church members were close companions and accomplished debaters, applying the logic of predestination and the language of the King James Bible to everyday life with aplomb—which, as the church's Twitter spokeswoman, she learned to do with great skill. Soon, however, dialogue on Twitter caused her to begin doubting the church's leaders and message: If humans were sinful and fallible, how could the church itself be so confident about its beliefs? As she digitally jostled with critics, she started to wonder if sometimes they had a point—and then she began exchanging messages with a man who would

help change her life. A gripping memoir of escaping extremism and falling in love, *Unfollow* relates Phelps-Roper ' s moral awakening, her departure from the church, and how she exchanged the absolutes she grew up with for new forms of warmth and community. Rich with suspense and thoughtful reflection, Phelps-Roper ' s life story exposes the dangers of black-and-white thinking and the need for true humility in a time of angry polarization.

The renowned Christian preacher and New York Times bestselling author of *An Altar in the World* recounts her moving discoveries of finding the sacred in unexpected places while teaching world religions to undergraduates in Baptist-saturated rural Georgia, revealing how God delights in confounding our expectations. Christians are taught that God is everywhere--a tenet that is central to Barbara Brown Taylor's life and faith. In *Holy Envy*, she continues her spiritual journey, contemplating the myriad ways she encountered God while exploring other faiths with her students in the classroom, and on field trips to diverse places of worship. Both she and her students ponder how the knowledge and insights they have gained raise important questions about belief, and explore how different practices relate to their own faith. Inspired by this intellectual and spiritual quest, Barbara turns once again to the Bible for guidance, to see what secrets lay buried there. Throughout *Holy Envy*, Barbara weaves together stories from her classroom with reflections on how her own spiritual journey has been challenged and renewed by connecting with people of other traditions--and by meeting God in them. At the heart of her odyssey is her trust that it is God who pushes her beyond her comfortable boundaries and calls us to "disown" our privatized versions of the divine--a change that ultimately deepens her relationship
