TPM (Total Productive Maintenance) is an innovative approach to maintenance. This book introduces TPM to managers and outlines a three-year program for systematic TPM development and implementation.

Make better decisions — every day, everywhere! Decide and Conquer, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand — and act upon. In this Second Edition, he provides many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer — and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles Decide and Conquer, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make — about your relationships, career, finances, everything!

Practical, concise, and easy to read, Benchmarking for Competitive Advantage explains what good benchmarking is and demonstrates how to plan and execute a benchmarking study and develop an action plan for implementing improvements based on the results.

Provocative essays on language, literature, and the aesthetics of embodiment.

Marketing guru Philip Kotler and global marketing strategist Milton Kotler show you how to survive rough economic waters With the developed world facing slow economic growth, successfully competing for a limited customer base means using creative and strategic marketing strategies. Market Your Way to Growth presents eight effective ways to grow in even the slowest economy. They include how to increase your market share, develop enthusiastic customers, build your brand, innovate, expand internationally, acquire other businesses, build a great reputation for social responsibility, and more. By engaging any of these pathways to growth, you can achieve growth rates that your competitors will envy. Proven business and marketing advice from leading names in the industry Written by Philip Kotler, the major exponent of planning through segmentation, targeting, and position followed by "the 4 Ps of marketing" and author of the books Marketing 3.0, Ten Deadly Marketing Sins, and Corporate Social Responsibility, among others Milton Kotler is Chairman and CEO of Kotler Marketing Group, headquartered in Washington, DC, author of A Clear-sighted View of Chinese Marketing, and a frequent contributor to the China business press

Following the 1961 assassination of dictator Rafael Trujillo, the Dominican Republic descended into a period of national turmoil and political instability, culminating in 1965 when a catastrophic civil war engulfed the capital city of Santo Domingo. The intervention of foreign troops, particularly U.S. troops, played a critical role in the multinational effort to allow presidential elections to take place in June 1966. The result was the installation of Joaquin Balaguer in the

presidency. Subsequently, this skillful civilian leader defeated both a right wing coup and a Cuban – based guerrilla expedition, and successfully gained control of the chaotic Dominican officer corps by the mid – 1970s. In this comprehensive study of the Dominican Republic ' s Balaguer era, the author draws upon declassified U.S. State Department and military documents and his own experiences as an army attach é in the U.S. Embassy, Santo Domingo, during the early 1970s. The result is a unique, inside look at Balaguer ' s presidency, his skillful manipulation of rival officers and cliques, and American involvement in the political history of the Dominican Republic.

Assembled from *Dispute Resolution Journal* - the flagship publication of the American Arbitration Association - the chapters in the Handbook have all, where necessary, been revised and updated prior to publication. The book is succinct, comprehensive and a practical introduction to the use of arbitration and ADR, written by leading practitioners and scholars. The Handbook begins with an exploration of drafting commercial arbitration clauses and provides advice on selecting the right arbitrator for any given commercial arbitration dispute. It supplies practitioners with guidelines for use in their arbitration practice and covers such topics as evidence and discovery, arbitral subpoena powers, procedural and interim orders. It also offers guidance on witness preparation, expert testimony, and cross-examination. There are chapters that specifically address the arbitration of large complex cases, healthcare disputes, and entertainment industry disputes. Arbitrators are provided with recommendations regarding professional conduct and responsibility. Arbitral awards and remedies are covered extensively and arbitrators are provided with practical approaches and information on drafting awards, punitive damages, the finality of awards and, post-decision debriefing. Lastly, this book discusses commercial arbitration as it relates to the legal system. The chapters were selected from an extensive body of writings and, in the main, represent world-class assessments of arbitration and ADR practice. All the major facets of the field are addressed and provide the reader with comprehensive and accurate information, lucid evaluations, and an indication of future developments. They not only acquaint, but also ground the reader in the field.

"We are the 99%" has quickly become the slogan of our political era as growing numbers of Americans express concern about the disappearing middle class and the ever-widening gap between the super-rich and everyone else. Has America really entered a New Gilded Age? What are the political consequences of the growing income gap? Can democracy survive such vast economic inequality? These questions dominate our political moment--and Larry Bartels provides answers backed by sobering data. Princeton Shorts are brief selections taken from influential Princeton University Press books and produced exclusively in ebook format. Providing unmatched insight into important contemporary issues or timeless passages from classic works of the past, Princeton Shorts enable you to be an instant expert in a world where information is everywhere but quality is at a premium.

The study guide is designed to accompany *Management, 9e* reinforcing key concepts and theories. For each chapter of the text it provides additional exercises, activities, and outlines, helping learners identify and capture the key ideas. Study guides are perfect to prepare for a lecture, reinforce chapter material, or review for an upcoming exam.

The rural economy's contribution to development: summary of findings and policy implications; The rural contribution to development: analytical issues; The rural contribution to development: policy issues.
