Low weight and awesome torque from the new 20hp Mercury FourStroke gets your boat on plane quicker and provides best-in-class acceleration to complement best-in-class top speed. This outboard is easy to install and operate, and electronic fuel injection ensures reliable starting and instant throttle response in any weather for worry-free boating. The lowest transmitted vibration in its class produces a more comfortable driving experience.

The new Mercury FourStroke 15 HP and 20 HP outboards offer an adjustable tiller handle designed to enhance comfort and control for small-boat owners. The tiller is one of those “why did it take so long” innovations that seems like an obvious idea now, but required tossing overboard decades of traditional design inertia.
