Moranthology - Caitlin Moran

The writing of Caitlin Moran is wonderful as always, however, the sheer quantity of grammatical errors in the book shows a dreadful lack of careful editing. This becomes more and more irritating as you read on and acts to spoil the book.

As far as I'm concerned, Caitlin Moran is a genius. Her style is chaotic and chatty on the surface, and she seems to have real problems understanding the semicolon, but under the bonnet every sentence is assembled with such beautiful precision. Her phrases are spring-loaded to take you by surprise.

Caitlin Moran's voice is insightful, witty and hilarious. I especially enjoyed her takes on Sherlock, Dr Who and Downton Abbey. (She is absolutely right that the silly plot of the latter hinges on what goes on in Handsome Cousin Matthew's trousers.) I brought the book for my sister to read a few selections.

From the New York Times bestselling author of How to Be a Woman and Moranthology comes a collection of Caitlin Moran's award-winning London Times columns that takes a clever, hilarious look at celebrities, society, and the wacky world we live in today—including three major new pieces exclusive to this book. When Caitlin Moran sat down to choose her favorite pieces for her new book, she realized that they all shared a common theme—the same old problems and the same old ass-hats. Then she thought of the word 'Moranifesto', and she knew what she had to do... Introducing every piece and weaving her writing together into a brilliant, seamless narrative—just as she did in Moranthology—Caitlin combines the best of her recent columns with lots of new writing unique to this book as she offers a characteristically fun and witty look at the news, celebrity culture, and society. Featuring strong and important pieces on poverty, the media, and class, Moranifesto also focuses on how socially engaged we've become as a society. And of course, Caitlin is never afraid to address the big issues, such as Benedict Cumberbatch and duffel coats. Who else but Caitlin Moran—a true modern Renaissance woman—could deal with topics as pressing and diverse as the beauty of musicals, affordable housing, Daft Punk, and why the Internet is like a drunken toddler? Covering everything from Hillary Clinton to UTIs, Caitlin's manifesto is an engaging and mischievous rallying call for our times.

Johanna Morrigan (aka Dolly Wilde) has it all: she is nineteen, lives in her own flat in London, and writes for the coolest music magazine in Britain. Her star is rising, just not quickly enough for her liking. Then John Kite, Johanna's unrequited love, has an album go to number one. Suddenly John exists on another plane of reality: that of the Famouses, a world of rabid fans and VIP access. Johanna lacks the traditional trappings of fame (famous parents, mind-scorching hotness, exotic sandals, etc.), so she does the only thing a self-respecting Lady Sex Adventurer can do. She starts a magazine column critiquing the lives and follies of the Famouses around her. But as Johanna skyrockets to fame herself, she begins to realize that with celebrity comes sacrifice, and hers may mean giving up the one person she was determined to keep. For anyone who has been a girl or known one, who has admired fame or judged it, How to Be Famous is a big-hearted, hilarious tale of fame and fortune—and all that they entail.

1913 - Suffragette throws herself under the King's horse. 1969 - Feminists storm Miss World. NOW - Caitlin Moran calls Katie Price 'a mimsy Quisling f**k' and demands to know why pants are getting smaller. There's never been a better time to be a woman: we have the vote and the Pill, and we haven't been burnt as witches since 1727. However, a few, nagging questions do remaina Why are we supposed to get Brazilians? Should you get Botox? Do men secretly hate us? What should you call your vagina? Why does your bra hurt? And why does everyone ask you when you're going to have a baby? Part-memoir, part-rant, How To Be A Woman follows Caitlin Moran from her terrible 13th birthday ("I am thirteen stone, I have no friends, and boys throw gravel at me when they see me.") through adolescence, the workplace, strip-clubs, love, fat, abortion, TopShop, motherhood and beyond. After 100,000 years of the patriarchy, the world may never be the same again!

The author of the international bestseller How to Be a Woman returns with another "hilarious neo-feminist manifesto" (NPR) in which she reflects on parenting, middle-age, marriage, existential crises—and, of course, feminism. A decade ago, Caitlin Moran burst onto the scene with her instant bestseller, How to Be a Woman, a hilarious and resonant take on feminism, the patriarchy, and all things womanhood. Moran's seminal book followed her from her terrible 13th birthday through adolescence, the workplace, strip-clubs, love, and beyond—and is considered the inaugural work of the irreverent confessional feminist memoir genre that continues to occupy a major place in the cultural landscape. Since that publication, it's been a glorious ten years for young women: Barack Obama loves Fleabag, and Dior make "FEMINIST" t-shirts. However, middle-aged women still have some nagging, unanswered questions: Can feminists have Botox? Why isn't there such a thing as "Mum Bod"? Why do hangovers suddenly hurt so much? Is the camel-toe the new erogenous zone? Why do all your clothes suddenly hate you? Has feminism gone too far? Will your To Do List ever end? And WHO'S LOOKING AFTER THE CHILDREN? As timely as it is hysterically funny, this memoir/manifesto will have readers laughing out loud, blinking back tears, and redefining their views on feminism and the patriarchy. More Than a Woman is a brutally honest, scathingly funny, and absolutely necessary take on the life of the modern woman—and one that only Caitlin Moran can provide.

A hilarious yet deeply moving coming-of-age novel from New York Times bestselling author Caitlin Moran, "the U.K.'s answer to Tina Fey, Chelsea Handler, and Lena Dunham all rolled into one" (Marie Claire) What do you do in your teenage years when you realize what your parents taught you wasn't enough? You must go out and find books and poetry and pop songs and bad heroes—and build yourself. It's 1990. Johanna Morrigan, fourteen, has shamed herself so badly on local TV that she decides that there's no point in being Johanna anymore and reinvents herself as Dolly Wilde—fast-talking, hard-drinking Gothic hero and full-time Lady Sex Adventurer! She will save her poverty-stricken Bohemian family by becoming a writer—like Jo in Little Women, or the Brontës—but without the dying young bit. By sixteen, she's smoking cigarettes, getting drunk and working for a music paper. She's writing pornographic letters to rock stars, having all kinds of sex with all kinds of men and eviscerating bands in reviews of 600 words or less. But what happens when Johanna realizes she's built Dolly with a fatal flaw? Is a box full of records, a wall full of posters and a head full of paperbacks enough to build a girl after all? Imagine The Bell Jar—written by Rizzo from Grease. How to Build a Girl is a funny, poignant and heartbreakingly evocative story of self-discovery and invention, as only Caitlin Moran could tell it.

Fifteen-year-old Morag Narmo really doesn't want to go to school any more. She and her siblings would rather feed their heads into the waste-disposal unit than "do the acedemical". So they are all stunned when their parents whisk them out of school and embark on a home-schooling experiment. But with five children, two unruly pets and some extremely eccentric attitudes, the educational experiment soon descends into chaos... Witty, razor-sharp and laugh-out-loud funny, The Chronicles of Narmo show us how before Caitlin Moran knew How to be a Woman, she had to find out How to be a Girl.

'Men are so last century. They seem to have stopped evolving. The Mad Menworld is disappearing and the guys are struggling to figure out the altered parameters of manliness.' Maureen Dowd 'Do women get anything from men being obsolete? Do we win by triumphing in work, education, the economy, politics and business, while retaining homemaking and child rearing? If that happened then we will be doing everything! Are men obsolete? No! I won't let you be you f*****s!' Caitlin Moran Are Men Obsoleteis an essential and entertaining read for anyone interested in what happens next in the great gender discussion. Maureen Dowd, Caitlin Moran, Camille Paglia and Hanna Roisin debate whether modern man is past his sell-by-date, and, if so, what does that mean for women?
