The last we heard after Leigh accidentally became a witch was that she had just received a very important summons. Now, things have gotten serious. Seriously crazy! In the second installment of her diaries, Leigh meets a group real witches that she hopes will provide her with some answers, and a little guidance. As Leigh soon finds out, there is a steep learning curve in becoming a card-carrying union witch. One thing is for certain, several very powerful witches made her an offer she can't refuse. She must continue to write her unfinished paranormal romance novel, consequences be damned. If you thought things took a disastrously funny turn in book one, wait until you read about the absolutely hilarious, calamity filled adventure in this installment. With her best friends Kelly and Lindsey by her side, and a new mentor to help her control her magic, Leigh is determined to prove to herself that she can handle whatever life throws at her. Will she find true romance with hunky Hunter? Will her moody cat, Luna stick around for the ride? Why is there such an interest in her magic writing ability? Who else will be dragged into her catastrophically magic summer break?

Oy vey! Shit just got serious in Chicago. The Witches Union has discovered that Leigh Epstein has been dabbling in the dark arts, and now they want to become creative editors for Leigh's paranormal romance, Four-Bitten Fangstasy, a book about a shape shifting-werewolf-vampire hybrid named Vlad. They definitely have something up their sleeves and they've assigned our young, apprentice witch a mentor named Gertie, who isn't quite up to snuff. Can she fulfill the contract and get FBF done before the deadline? What's in it for the Union anyway? To make matters worse, Leigh's friends and family are still reeling from their last disastrous episode in Accidental Leigh. Will she make her sister Sarah's lackluster love life even worse, by attempting to fulfill her erotic fantasy from her favorite BDSM/Navy SEAL/Amnesia novel? Love is in the air, but so is catastrophe, now that Leigh is also getting some very strong feelings for Hunter, the hunky roofer turned Chicago Police Academy cadet. Find out almost everything, and learn about a Paranormal Pet Shop, what really sank the Titanic, magic brownies, how the Great Chicago Fire really started, and so much more.

If Leigh has learned anything this summer, it's that magic can be chaotic. Despite some headline making disasters in her last diary, Leigh is eternally hopeful. With Four-Bitten Fangstasy behind her, Leigh decides to write a little paranormal erotica with her newest disasterpiece, Bangin' the Billion-were. She even takes on a rehash of the popular YA dystopian genre, in her novella Regurgitant. It seems that even the editing of other author's writing can make her unwittingly fire up her literal-witchcraft. Leigh finds out how bad things can get when her friends ask her to edit their own cowboy-biker book, Steel Stetsons. Despite the flurry of writing, Leigh's romantic heart is racing. Her boyfriend, Hunter will finally graduate from the Chicago Police Academy. Will Leigh and Hunter finally be able to enjoy some quality time on a camping trip? What will Leigh think of Hunter's unique family? What is Luna capable of when pushed to an act of desperation? It seems Randy "Johnson" (Designer at Paranormal Chic) and Gertie have unwittingly uncovered a new mystery for Leigh and her hapless coven to sort out. Now, the upcoming Witches Halloween Gala is in jeopardy, not to mention the future of civilization. Follow these magical misfits, as they travel half way around the world to a hexed Scottish Castle and take on the very essence of evil, in Hopeful Leigh.

A laugh till it hurts paranormal comedy! It's Halloween, Leigh's favorite time of the year. As a rookie witch with high hopes, she has a lot to look forward to. When a mysterious supernatural force meddles in her life things take a turn for the worse. Hunter gets caught in the paranormal crossfire and his very soul may be at risk. Leigh's job seems to have suddenly gone sour as well. The public school doesn't share this young teacher's enthusiaam for what they deem to be a religious holiday. To keep her entire life from falling apart at the seams, Leigh needs serious help. Once again, she calls on her trustworthy, but inept best friends to pull her through. Magical mayhem abounds. Leigh has a run-in with a bizarre cult bent on human sacrifice, some galloping golems, AND pesky ghosts-not to mention stray bolts of witchcraft! Can Marie Laveau and Hunter's parents help the gang put together an emergency sance in the historic but haunted Schlitt House? They find out some ghosts can be a real drag, possession has side effects, and exorcisms are unpredictable at best. What will the Witches Halloween Gala in Salem be like? Will we finally find out what the deal is with Luna when she gets her paw read? Read all about it in Haunting Leigh, Book 4 of the Literal Leigh Romance Diaries.
