The history of the STYMIEST family surname has been an exciting 40-year research venture. Special acknowledgements to my late father, Carlyle (Bud) William Stymiest, (New Brunswick, Canada); his brother, Donald Garfield Stymiest, (Ontario, Canada); and Barbara Gayle Stymiest, (Ontario, Canada) for their assistance and motivation to complete this pursuit. The notes from Eldon James Stymiest (Tabusintac, New Brunswick, Canada) was initial inspiration to seek-out the illusive pre-North American STYMIEST surname. After numerous hours researching the archives in Europe, Canada and the United States; 27 Stymiest generations have been ascertained; all of which tell their own story. Did you know there are over 100 different STYMIEST surname spellings? The unique dynamics which define the Stymiest family take shape in many forms: copies of original signatures, family photos, letters, memoirs, time lines and remembered stories." -Sandra Devlin, "Missing Links" columnist Reader Review by Lima (Stymiest) Branch If you are interested in history, you will find something for you in Carl Stymiest's Down By The Old Mill Stream: A Stymiest Chronicle. Carl has extensively researched and compiled a "must have" book for members of his very extended family, as well as those who have roots in the Miramichi-Tabusintac-Bay du Vin area of New Brunswick and genealogists looking for high-quality research material. The 600-page book with accompanying CD-Rom is truly a wonderful resource. The CD-Rom contains a gallery of pictures, biographies of many Stymiests and Stymiest connected people, and easy access to the direct line back through 27 generations to the first recorded Stymiest. I had a fairly basic understanding of my family's history. I had visited the old graveyard near the first Stymiest home in Tabusintac. I had listened with interest to the stories told by my father and visiting relatives (and what stories they were - the family being well known for its storytellers), and I grew up in Tabusintac where many Stymiests lived or "came from". I had even spent time with Uncle Eldon while he explained to me that there had been a number of generations who lived in the United States before coming to Canada as Loyalists, and that the family was originally from Holland, but when I received my

With Richard the Lionheart still being held hostage after his crusade, his people have been made paupers paying his ransom. The Abbess Helewise is struggling to keep her abbey going through a cold, brutal winter as she fends off starvation of her nuns and the local people. Then her son returns to her in desperate need of help after a separation of nearly twenty years. He claims his wife is suffering mental torments and his son is mute. But when a man is found strangled, dangling from a tree near the abbey, her son and his family flee the very next day. Helewise and a local Knight, Josse d' Acquin, must investigate deep into the past to the time before Helewise took the veil. Were her handsome husband and enigmatic father-in-law all that they seemed? And can she prevent another terrible murder or will the sins of the fathers be laid upon her innocent son?

"How do I know I covered all the requirements? Where do I begin? When should I stop? Did I miss something that will result in unpleasant surprises down the road?" If you are a Business Analyst, these questions will certainly mean something to you. You've probably asked yourself these questions at one point or another when you were assigned your early requirements development tasks. In this book, I introduce a requirements development roadmap that will guide you from start to finish. It is a plan carefully prepared and organized around consecutive stations. At each station, I tell you:1. The target objective, and why you need to think about that particular objective at that specific point in time2. Which elicitation techniques will best serve the objective, and which questions to ask in order to capture the information you need3. Which analysis tools to apply in order to analyze the information from different angles4. How to document the output of the exercise that you just performed

Everyone warned Emma about Dean. Even his own family doesn't trust him, but Emma can't help falling in love with her best friend's brother, so when Dean breaks her heart, she knows she only has herself to blame. Eight years later Emma has a new man in her life, a single parent like herself. But when she accepts a job on Lord Howe Island, her past and Dean, catch up with her.

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.
