Are we ready for children? Fortunately, The Newlywed's Instruction Manual is here to help you and your spouse navigate the ins and outs of those early years of marriage.

Think Like a UX Researcher will challenge your preconceptions about user experience (UX) research and encourage you to think beyond the obvious. You'll discover how to plan and conduct UX research, analyze data, persuade teams to take action on the results and build a career in UX. The book will help you take a more strategic view of product design so you can focus on optimizing the user's experience. UX Researchers, Designers, Project Managers, Scrum Masters, Business Analysts and Marketing Managers will find tools, inspiration and ideas to rejuvenate their thinking, inspire their team and improve their craft. Key Features A dive-in-anywhere book that offers practical advice and topical examples. Thought triggers, exercises and scenarios to test your knowledge of UX research. Workshop ideas to build a development team's UX maturity. War stories from seasoned researchers to show you how UX research methods can be tailored to your own organization.

This Streamline Instruction Manual is a cost-effective approach to teach government employees an understanding of Lean concepts. It is an excellent starting point for teams to begin developing a culture of challenging the status quo. The manual also contains a glossary of Lean terms and templates. The manual uses the popular book Streamline as reference material. Written as a fictional business novel, Streamline shows, rather than tells, how to apply Lean to any department. It offers a step-by-step approach on how to complete a Lean project at your organization. Streamline is for managers who want to offer improved
