These books keep children active and learning all summer long. Skills include reading, writing, math, and science.

The perfect way to begin your students school day! Cross-curricular daily practice gets your third grade students focused and engaged and ready to learn. The daily lessons provide practice of language, math, and reading skills that support your core curriculum. The meaningful 10 to 15 minutes of daily practice helps sharpen students skills and helps you see where your students need to improve. With a detailed scope and sequence, you will always know the skills that your students are practicing. Daily Fundamentals lessons are ideal for morning work, bell ringers, homework, and informal assessment. The daily practice and review prepares students for success on assessments and state testing.

As a result of unexpected school closure, students are losing about 12 weeks of academic instruction this year. This special edition of the Summer Learning HeadStart workbook is designed to support learning at home. It offers standards-aligned daily Math, Reading, Vocabulary, and Writing practice to students. The extended Summer Learning Loss this year is likely to have a huge impact on the progress students make in the 2020-21 academic year. The 2020 Summer Learning Headstart book is the ideal at-home study solution that provides much needed academic support to students. It not only helps students review and retain what they learned during the academic year but also study topics that were not taught in school. The focus of this Special Edition book is to address learning loss that is associated with early school closures and Summer holidays. This is a fun educational workbook to prevent student learning loss. It helps grade 8 students retain and strengthen their Math & English Language Arts skills and provides a strong foundation for success in 9th grade. This summer bridge learning workbook includes: Daily
