Professor of Parapsychology, Philip Goodman, is an arch-sceptic with a mission to debunk the paranormal, wherever it occurs. But when he embarks on an investigation of three apparent hauntings - as recounted by a night-watchman, a teenage boy, and a businessman awaiting his first child - Goodman finds himself at the outer limits of rationality, and fast running out of explanations. Jeremy Dyson and Andy Nyman's play Ghost Stories first started terrifying audiences at Liverpool Playhouse and the Lyric Hammersmith, London, in 2010, directed by its authors along with Sean Holmes - and has since become a worldwide cult phenomenon, with two West End transfers, productions in China, Australia, Canada and Europe, and an award-winning film adaptation. It was revived at the Lyric in 2019. This official tie-in edition features the complete script for the show, and an exclusive introduction by Jeremy Dyson and Andy Nyman, about the origins and development of the play.

With the intelligent, surreal humour we might expect from a member of THE LEAGUE OF GENTLEMEN, NEVER TRUST A RABBIT breathes new life into the drama of the ordinary urban thirty-something, in a series of modern morality tales about enchantment in everyday life' THE TIMES Unsettling premonitions, fortune-telling cashpoints and disappearing mazes all converge in Jeremy Dyson’s first book - a collection of short stories that established him as a formidable storyteller on original publication. Reissued in Abacus with a new introduction by the author, NEVER TRUST A RABBIT has already become a cult favourite.

With Bright Darkness, Angus Finney provides an exploration of the golden age of the supernatural horror film, placing the genre in the context of the film industry as a whole.

A chilling, suspense-filled ghost story from multimllion-copy bestselling author Peter James, now also a hit stage show. Ollie and Caro Harcourt are moving house with their twelve-year-old daughter Jade. Ollie is desperate to leave the city. Caro is less sure. Then they view Cold Hill House, a dilapidated rural mansion, and fall instantly in love. It’s expensive, but with its space, seclusion and huge grounds it seems like a brilliant idea. That is, until they arrive. It soon becomes apparent that they are not alone. A spectral woman appears on screens and walks the corridors, vanishing before she can be challenged. Strange occurrences become ever more common. Then Caro starts seeing faces, always looking out of the same upstairs window. The room behind it could hold the key to the disturbing secret behind the house’s mysterious past. Except for the fact that the room doesn’t seem to exist... A blood-chilling horror novel from one of the true masters of thrills, perfect for fans of Stephen King and Dean Koontz. Praise for The House on Cold Hill “Impeccable’ The Sunday Times “Superbly creepy modern horror story’ Book of the Week, Sunday Mirror “James is a compelling storyteller and he ratchets up the tension in increments, so that his readers will be suitably terrified. By the time you want to scream ‘Look behind you!’, it’s already too late.’ Daily Mail

Jeremy Dyson is a master of the macabre, of stories brimming with black humour and the promise of something sinister just around the corner. In his new collection he explores the dark depths of the human condition, offering tales of death, disaster and - just occasionally - redemption. An unhappy, near-autistic bookseller acquires miraculous powers over life and death and exacts his revenge on the world - in a cruel and unexpected way. Alone in their isolated boarding school, three boys explore the mysterious cellar that is officially off-limits, only to discover something far worse than they expected about the building and themselves. A pathological fear of violent crime drives a wealthy property developer to purchase a private island and build himself a home of absolute security. Unfortunately he succeeds in attracting the very thing he fears the most. In these and other tales of suspense and horror, Jeremy Dyson introduces the reader to a world that is at once mysterious and strangely familiar . . .
