A business management book like no other, Tribal Leadership is an essential tool to help managers and business leaders take better control of their organizations by utilizing the unique characteristics of the tribes that exist within. Customers Who Bought This Item Also Bought

Every organization is composed of tribes—naturally occurring groups of between 20 and 150 people. Until now, only a few leaders could identify and develop their tribes, and those rare individuals were rewarded with loyalty, productivity, and industry-changing innovation. Tribal Leadership shows leaders how to assess, identify, and upgrade their tribes' cultures, one stage at a time. The result is an organization that can thrive in any economy.

"Tribal Leadership gives amazingly insightful perspective on how people interact and succeed. I learned about myself and learned lessons I will carry with me and reflect on for the rest of my life." —John W. Fanning, Founding Chairman and CEO napster Inc. "An unusually nuanced view of high-performance cultures." —Inc. Within each corporation are anywhere from a few to hundreds of separate tribes. In Tribal Leadership, Dave Logan, John King, and Halee Fischer-Wright demonstrate how these tribes develop—and show you how to assess them and lead them to maximize productivity and growth. A business management book like no other, Tribal Leadership is an essential tool to help managers and business leaders take better control of their organizations by utilizing the unique characteristics of the tribes that exist within.

A proven system for rallying all of an organizations' employees around a new vision and ideas for making the vision stick When something at work isn't going smoothly, managers struggle with what part of the problem to tackle first. Do they start with cost reduction? Or should they go for process improvements first? The authors—who have helped hundreds of companies and individuals change and improve—say spend time and money adjusting the systems in which people operate, rather than targeting people and their performance directly. The authors show that it's in fact possible to change everything at once—with a focus on making such transformations permanent and repeatable. Brand-new Introduction written for the paperback edition Filled with illustrative examples from Northrup Grumman, BHP-Billiton, Reebok, Harvard Business School, and many others Two experts in the field show how to make major transformations happen The book outlines a process for engaging all employees to buy-in to an improved vision of an organization's new and improved future.

Master the fundamentals of leadership-at every stage in your career Often, when leaders experience trouble, they look to blame an outside source or expect a small tweak to right their ship. But many times they've actually lost their grip on the very basic foundation of leadership. The business environment may change, but no management trend can displace the core laws, proven over centuries, of excellent leadership. Unusually Excellent is an essential resource for leaders that brings these fundamentals together in a new and comprehensive way. This book will help leaders at any level keep their focus on the bedrock principles that will make them extraordinary. . Thoroughly practical, day-to-day primer for achieving and maintaining their highest level of leadership, for today and for a lifetime The author's Harvard Business Review articles are among the most highly read in the magazine's history Written for all leaders who need to develop and renew their leadership skills Using a sports analogy, the author breaks the work of leaders into three parts: pregame: a matter of character; game day: a matter of competence; and postgame: a matter of consequence.

New York Times Bestseller Iconoclastic entrepreneur and New York legend Ken Langone tells the compelling story of how a poor boy from Long Island became one of America's most successful businessmen. Ken Langone has seen it all on his way to a net worth beyond his wildest dreams. A pillar of corporate America for decades, he's a co-founder of Home Depot, a former director of the New York Stock Exchange, and a world-class philanthropist (including \$200 million for NYU's Langone Health). In this memoir he finally tells the story of his unlikely rise and controversial career. It's also a passionate defense of the American Dream -- of preserving a country in which any hungry kid can reach the maximum potential of his or her talents and work ethic. In a series of fascinating stories, Langone shows how he struggled to get an education, break into Wall Street, and scramble for an MBA at night while competing with privileged competitors by day. He shares how he learned how to evaluate what a business is worth and apply his street smarts to 8-figure and 9-figure deals. And he's not shy about discussing, for the first time, his epic legal and PR battle with former NY Governor Eliot Spitzer. His ultimate theme is that free enterprise is the key to giving everyone a leg up. As he writes: This book is my love song to capitalism. Capitalism works! And I'm living proof -- it works for everybody. Absolutely anybody is entitled to dream big, and absolutely everybody should dream big. I did. Show me where the silver spoon was in my mouth. I've got to argue profoundly and passionately: I'm the American Dream.

Equipping parent volunteers to lead thriving booster organizations Whether you've just accepted a leadership role in your child's booster organization or you're considering the possibility, The Booster Leader is for you. "At its best, discussion teaching has an extraordinary ability to stimulate learning. Through a skillful orchestration of questioning, listening, and response it helps students master course material and critical judgment skills in tandem. Education For Judgment unravels the intricacies of successful group leadership and shows how you can consciously practice those elements that turn an average class into a great one. You'll discover practical advice on how to negotiate a 'contract' for the conduct of the group, how to lead a discussion without stalling it, getting students to talk to each other, guiding participants to adopt new and thoughtful roles, the ethics involved in choosing material, how to encourage independent thinking, structuring technical material, how to evaluate student participation, creating a sense of closure and accomplishment, much, much more"--Unedited summary from book cover.
