A timeless business classic, Who Moved My Cheese? uses a simple parable to reveal profound truths about dealing with change so that you can enjoy less stress and more success in your work and in your life. It would be all so easy if you had a map to the Maze. If the same old routines worked. If they'd just stop moving "The Cheese."

THE #1 INTERNATIONAL BESTSELLER WITH OVER 28 MILLION COPIES IN PRINT! A timeless business classic, Who Moved My Cheese? uses a simple parable to reveal profound truths about dealing with change so that you can enjoy less stress and more success in your work and in your life. It would be all so easy if you had a map to the Maze. If the same old routines worked. If they'd just stop moving "The Cheese." But things keep changing... Most people are fearful of change, both personal and professional, because they don't have any control over how or when it happens to them. Since change happens either to the individual or by the individual, Dr. Spencer Johnson, the coauthor of the multimillion bestseller The One Minute Manager, uses a deceptively simple story to show that when it comes to living in a rapidly changing world, what matters most is your attitude. Exploring a simple way to take the fear and anxiety out of managing the future, Who Moved My Cheese? can help you discover how to anticipate, acknowledge, and accept change in order to have a positive impact on your job, your relationships, and every aspect of your life.

Four little friends in a maze find and enjoy some cheese, but when the cheese is gone, only Sniff and Scurry adapt and go searching for more while Hem and Haw wait for more cheese to appear. Includes a note to parents and discussion questions.

Little friends in a maze find and enjoy some cheese, but when that cheese is gone, only Sniff and Scurry adapt and go searching for more while Hem and Haw wait for more cheese to appear. Includes a note to parents and

discussion questions.

'An optimistic, accessible way to start thinking about change' - Financial Times Who Moved My Cheese? offered millions of readers relief for an evergreen problem: unanticipated and unwelcome change. Now its long-awaited sequel digs deeper, to show how readers can adapt their beliefs and achieve better results in any field. Johnson's theme is that all of our accomplishments are due to our beliefs: whether we're confident or insecure, cynical or positive, open-minded or inflexible. But it's difficult to change your beliefs - and with them, your outcomes. Find out how Hem, Haw, and the other characters from Who Moved My Cheese? deal with this challenge.

With over 2.5 million copies sold worldwide, Who Moved My Cheese? is a simple parable that reveals profound truths. It is the amusing and enlightening story of four characters who live in a maze and look for cheese to nourish them and make them happy. Cheese is a metaphor for what you want to have in life, for example a good job, a loving relationship, money or possessions, health or spiritual peace of mind. The maze is where you look for what you want, perhaps the organisation you work in, or the family or community you live in. The problem is that the cheese keeps moving. In the story, the characters are faced with unexpected change in their search for the cheese. One of them eventually deals with change successfully and writes what he has learned on the maze walls for you to discover. You'll learn how to anticipate, adapt to and enjoy change and be ready to change quickly whenever you need to. Discover the secret of the writing on the wall for yourself and enjoy less stress and more success in your work and life. Written for all ages, this story takes less than an hour to read, but its unique insights will last a lifetime. Spencer Johnson, MD, is one of the world's leading authors of inspirational writing. He has written many New York Times bestsellers, including the worldwide phenomenon Who Moved My Cheese? and, with Kenneth Blanchard, The One Minute Manager. His works have become cultural touchstones and are available in 40 languages.

If you were a mouse trapped in a maze and someone kept moving the cheese, what would you do? Over a decade ago the bestselling business fable Who Moved My Cheese? offered its answer to this question: accept that change is inevitable and beyond your control, don't waste your time wondering why things are the way they are, keep your head down and start looking for the cheese. But success in the areas of innovation, entrepreneurship, creativity, leadership, and business growth—as well as personal growth—depends on the ability to push the boundaries, reshape the environment, and play by a different set of rules: our own. With that in mind, Harvard Business School professor Deepak Malhotra offers a radically different answer to this question. Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. As we watch their lives unfold and intersect, we discover that instead of just blindly chasing after the cheese, each of us has the ability to escape the maze or even reconfigure it to our liking. In the face of established practices, traditional ideas, scarce resources, and the powerful demands or expectations of others, we often underestimate our ability to control our own destiny and overcome the constraints we face—or think we face. I Moved Your Cheese reminds us that we can create the new circumstances and realities we want, but first we must discard the often deeply ingrained notion that we are nothing more than mice in someone else's maze. As Zed explains, “ You see, Max, the problem is not that the mouse is in the maze, but that the maze is in the mouse. ”

From the #1 New York Times bestselling author of Who Moved My Cheese?, a brilliant new parable that shows readers how to stay calm and successful, even in the most challenging of environments. A young man lives unhappily in a valley. One day he meets an old man who lives on a mountain peak. At first the young man doesn't realize that he is talking to one of the most peaceful and successful people in the world. But in the course of further encounters and conversations, the young man comes to understand that he can apply the old man's remarkable principles and practical tools to his own life to change it for the better. Spencer Johnson knows how to tell a deceptively simple story that teaches deep lessons. The One Minute Manager (co-written with Ken Blanchard) sold 15 million copies and stayed on the New York Times bestseller list for more than twenty years. Since it was published a decade ago, Who Moved My Cheese? has sold more than 25 million copies. In fact there are more than 46 million copies of Spencer Johnson's books in print, in forty-seven languages—and with today's economic uncertainty, his new book could not be more relevant. Pithy, wise, and empowering, Peaks and Valleys is clearly destined to become another Spencer Johnson classic.

Who Moved My Cheese by Spencer Johnson | Key Takeaways, Analysis & Review Preview: A group of old school friends meet to catch up. They end up discussing the unexpected, unforeseen changes to their lives and one friend offers to tell a story about adapting to change. The story he tells involves four characters, two mice named Sniff and Scurry, and two “ Littlepeople ” named Hem and Haw. All of them are in a maze, looking for cheese, which they need to survive. For the “ Littlepeople, ” cheese also has a larger, metaphysical connotation in the sense that it also makes them happy—their Cheese is thus spelled with a capital C... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Inside this Instaread of Who Moved My Cheese: - Overview of the book - Important People - Key Takeaways - Analysis of Key Takeaways

This book is a call to action. We spend about eighty percent of our day at work, the rest is at home. If we have a bad day at work we are likely to take that negativity home with us and vice versa. It is of paramount importance that we create healthy environments in the spaces that most affect our lives by giving of our best and receiving the like in return. The 5 Chairs is a powerful and systematic method which helps us master our own behaviours and manage the behaviours of others. To be a good leader is to contribute to the success and happiness of everyone, at work and at home, on a conscious level. The 5 Chairs offer 5 Choices. Which will you choose?"One of the most practical books on emotional intelligence that I have ever read."Richard Barrett, Chairman and Founder of the Barrett Values Centre."Louise's work is for people with the intelligence and humility to believe that in life one can always improve, one can try to understand before judging and one can listen to other people's convictions no matter how diverse. In an increasingly multicultural, globalised world where managing diversity is key to success, Louise's guidelines should be a moral obligation."Franco Moschetti CEO, Axel Global Business, previously CEO of Amplifon Ltd"The 5 Chair experience is powerful. After reading the book you feel more equipped, excited even, to manage your daily behaviours and conversations in a completely new way, both at work and at home. It's a real game changer."David Trickey CEO at TCO International and Partner at Viral Change TM"Louise's groundbreaking book is for anyone who is interested in bringing more empathy, emotional intelligence and consciousness into their career (and into their daily life). The examples in this insightful book are practical and easy to integrate, and it's a must-read for anyone who wants to be an inspiring and more effective Leader."Ellen Looyen, Bestselling Author, "Branded for Life!"

There are hidden laws at work in every aspect of your business. Understand them, and you can create extraordinary growth. Ignore them, and you run the risk of becoming another statistic. It's become almost cliché: 8 out of every 10 new ventures fail. Of the ones that succeed, how many truly thrive-for the long run? And of those that thrive, how many continually overcome their growth hurdles ... and ultimately scale, with meaning, purpose, and profitability? The answer, sadly, is not many. Author Lex Sisney is on a mission to change that picture. After more than a decade spent leading and coaching high-growth technology companies, Lex discovered that the companies that thrive do so in accordance with 6 Laws - universal principles that govern the success or failure of every individual, team, and organization.
