This workbook contains perforated, performance-based assignment and evaluation sheets. The assignment sheets help students review what they have learned. The evaluation sheets provide criteria or standards for judging student performance for each procedure in the text.

Based on the best-selling Diversified Health Occupations, Introduction to Health Science Technology provides the health science technology student with basic entry level knowledge required for a variety of health care careers, including medical terminology, basic anatomy and physiology, computer training, leadership, team building skills and in-depth medical math. It is also a highly practical resource that covers the core information needed to pursue a career in health care, from an introduction to the health care industry to descriptions of health-related careers to legal and ethical responsibilities of health care workers. Carefully revised with new photos throughout, the second edition includes updated information on the Food Guide Pyramid, infection control information, standards for blood pressure that concur with AMA and AHA recommendations, and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This textbook provides students with the core knowledge and skills required for entry-level positions in a variety of health occupations. In addition to the core knowledge, it offers extensive subject matter on selected professions such as dental, medical and nurse assistants, as well as an overview of the many health-related careers that students might choose. An accompanying workbook allows students to apply knowledge and skills through assignment sheets and step-by-step procedures. All necessary materials for instruction and evaluation are provided in a Teacher's Resource Kit. Supplements Computerized Testbank 0-7668-1824-1 Instructor's Manual 0-7668-1823-3 - 8 1/2" x 11," 840 pages, 4 color, HA Instructor's Resource Kit 0-7668-1821-7 Student Workbook 0-7668-1822-5 - 624 pages Diversified Health Occupation Activity Software 2E 0-7668-2789-5
