The color wheel is divided into warm and cool colors. When a warm color is placed next to a cool color, there is a very strong contrast. Alternatively, when a cool color is placed next to another cool color (for example, green next to blue) there is a pleasing harmonious effect. These color combinations are discussed in more detail in the section below.

The Webb Chapel Park Pavilion is an excellent example of using color to draw attention to this fifth wall. Studio Joseph made the heavy shell of concrete open to reveal four playful, pyramidal voids in the roof. Not only a surprise of color, the ceiling serves as a natural ventilation system based on a traditional “palapa:” encouraging the hot Texas air to move through the pavilion.
