The Morning of the Magicians - Wikipedia

The Morning of the Magicians explores the anomalous events collected by Charles Fort, the work of Gurdjieff, and the history of the mysterious Fulcanelli, who was widely believed to have manufactured the philosopher's stone--which provided the Nazis the motive for mounting an intensive search for him during their occupation of Paris. Much more than a collection of strange facts defying conventional wisdom, this book remains a sophisticated philosophical exploration of repressed phenomena ...

Louis Pauwels and Jacques Bergier, The Morning of the Magicians (Stein and Day, 1960) The Morning of the Magicians, Pauwels and Bergier's Charles Fort-inspired catalogue of absolute nutterdom circa mid-twentieth-century, has long been forgotten by pretty much everyone. (Given some of the predictions made in this book, many of which had been conclusively disproved within the decade, this is not a surprise.)
